

## Are you a preservation advocate? We are your voice in Washington!

Since 1974, Preservation Action has been the voice of grassroots preservationists advocating for the federal funding, incentives, and programs that support your work as a state, regional, or local preservationist.

### Take Action with Preservation Action

When you are a member of Preservation Action, your agenda becomes our agenda. We connect you to a national network of preservation advocates, and we provide you with the materials, information and support you need to approach your legislators.

**In many ways, our efforts in Washington mirror your efforts in your community. Many of our most recent efforts on Capitol Hill have direct impact on the work that you do, like:**

- Advocating for increased funding of the **Historic Preservation Fund** that sustains the services, education and funding provided by State and Tribal Historic Preservation Offices.
- Providing hard evidence for retaining the **Federal Historic Tax Credit**. Which has rehabilitated more than 40,000 properties since inception, and acted as catalyst for \$117 billion in private investment nationally.
- Advocating for the permanent reauthorization of the **Historic Preservation Fund**. We successfully advocated for a 7-year renewal of the HPF last year.
- Combating legislation that reduces funding, incentives, or protections for historic preservation. This includes efforts to undermine the National Historic Preservation Act, the Antiquities Act, and National Heritage Areas.
