

THE NATIONAL REGISTER OF HISTORIC PLACES IS UNDER THREAT.

WE NEED YOUR VOICE. ACT NOW.

7 Ways the Proposed Revisions Would Negatively Impact Your Community:

1. **FEDERAL HISTORIC PROPERTIES** - Federal agencies will be given total control on nominations, meaning federally owned properties may no longer be added to the National Register.
2. **FEDERAL OWNERSHIP** - A historic district nomination can be blocked if a federal entity owns property within the district boundary and objects to listing.
3. **PROPERTY OWNER OBJECTIONS** - Owners of large properties will be given an outweighed ability to block the listing of nominations.
4. **HISTORIC TAX CREDITS** - The use of historic tax credits will be restricted due to the jeopardization of listing new historic districts.
5. **SECTION 106** - Consultation with the Keeper of the National Register will be thwarted when determining the eligibility of a project.
6. **APPEALS PROCESS** - The right to appeal the failure of a nominating authority to nominate a property will be revoked if the property is federally owned.
7. **CONSULTATION** - The revisions fail to consider potential concerns of State Historic Preservation Officers or federally recognized tribes.

HOW TO ACT

1. **Review Preservation Action's sample letter** and include local examples of how the changes would impact your community.
2. **Submit comments** on docket #NPS-2019-0001 to the National Park Service by April 30, 2019.
3. **Share with your network**, friends, family, and coworkers.
4. **Share on social media** using the hashtag #hpadvocacy.
5. **Become a Preservation Action member** to support this effort and additional national advocacy programs.
